

## 1. Fields

**1.1 CBSA Code (mbr\_cbsa):** Core Based Statistical Area (CBSA) code; a CBSA is a U.S. geographic region determined by the Office of Management and Budget.

**1.2 CBSA Title (mbr\_cbsa\_title):** Name(s) of the main urban area(s) in each CBSA.

**1.3 Theme (theme):** Factors in the Minority Health SVI are categorized into six themes and a composite measure:

**1.3.1 Overall**

**1.3.2 Socioeconomic Status**

**1.3.3 Household Composition and Disability**

**1.3.4 Minority Status and Language**

**1.3.5 Housing Type and Transportation**

**1.3.6 Health Care Infrastructure and Access**

**1.3.7 Medical Vulnerability**

## 2. Metrics

**2.1 Minority Health SVI Value (value):** For each index, the reported SVI is the percentile rank representing a community's vulnerability. Values range from 0 (indicating a less vulnerable community) to 1 (indicating a more vulnerable community). Each SVI value is aggregated to the CBSA-level using a weight that represents the share of the population in each county.

**2.2 County Count (county\_count):** The number of counties in each CBSA.

**2.3 Estimated Total Population (e\_totpop):** For each CBSA, the estimated total population, derived from the American Community Survey and reported from the CDC's Minority Health SVI public database, summed across all counties in a CBSA.

**2.4 ESI Share (esi\_share):** The proportion of the population in a CBSA with employer-sponsored insurance.
